OCVTS Grunin Performing Arts Academy

Summer Learning Academy & Performance Workshop

Who should apply? Students currently enrolled in Grades 6-11 and who have a passion for the performing arts

Academic Program

The English component is designed to enrich students' skills in writing and reading comprehension. In mathematics, students will have the opportunity to prepare for advanced math courses, as well as improve basic mathematics skills.

*This course is being offered at no cost to all GPAA students, including incoming freshmen.

Dates and Times: July 6-10 (English) and July 13-17 (Math)
Time: 7:30am-9:00am

Performance Workshop: Acting, Audio Engineering, Dance, Vocal Music

This 10-day workshop provides an opportunity for aspiring young artists of Ocean County to strengthen their skills in areas of Acting, Audio Engineering, Dance, and Vocal Music. Each day begins with an intense session in the major area of study. A snack break will be offered mid-session in the major area of study. The performance workshop culminates with a performance on July 17, which parents/guardians and friends are invited!

Acting: The Theater Arts program is composed of both acting techniques and monologue/scene study
Audio Engineering: Students will have the opportunity to explore the audio engineering field. They will have hands-on experiences with live sound, basic lighting, sound wave characteristics, and studio recording. It is requested that each participant bring a notebook for important information regarding these projects
Dance: The Dance summer proram is designed to enhance the technical training of a skilled dancer in Ballet, Modern, and Jazz techniques, while gaining an understanding of dance theory and history. It is strongly encouraged that students have a background in dance before enrolling.
Voice: Vocal instructors will coach students individually on solo repertoire as well as in an ensemble setting. This process will build healthy vocal technique and appropriate characterization.

Dates and Times: July 6-10 and July 13-17
Cost: $300 for the 10-day workshop
Time: 9:00am-1:00pm
